Adopted Materials (Science) Review: Publisher/Vendor Presentations

The adopted materials presentations were chosen using the NMPED’s 2018 Summer Review Institute Highest Scored Core/Basal Materials by Grade Level by Sub Category list. The following publishers were chosen due to the fact that the reviewed materials received a score of 90% or greater from the Summer Review Institute Committee **and** have materials that are grade level appropriate for two or more grade level bands (e.g., Elementary, Middle School, High School).
