

# Bloomfield Schools BobcatWifi Login

Below are the instructions for connecting to the BobcatWifi network using a Windows Device.

## WINDOWS COMPUTER

<p>1. Click on the <b>“Network”</b> icon in your System Tray, and select <b>“BobcatWifi”</b> from the list. Use <b>“gobobcats”</b> as the password and wait for it to connect. You will now be connected to the BobcatWifi network but you will not be able to fully view websites and apps until you do the below instructions.</p>	
<p>2. Open a web browser (Chrome) and go to <b>“www.bsin.k12.nm.us”</b>. You will need to navigate to following menu <b>Departments &gt; Technology Services &gt; Wi-Fi Security Certificate</b>. Please read the Wi-Fi Service Agreement and tap the <b>“Download BobcatWifi Security Certificate Here”</b> link.</p>	
<p>3. Click <b>Download</b> on the next page, and then <b>“Keep”</b> if it warns you about the file. After it finishes downloading, open the file, and click <b>Install Certificate</b>.</p>	
<p>4. Select <b>Current User</b> and hit next. Select <b>“Place all certificates in the following Store”</b>, hit <b>Browse</b>, and choose <b>Trusted Root Certificate Authorities</b>.</p>	
<p>5. Click <b>Next</b>, and then <b>Finish</b>. When the Security Warning pops up, click <b>Yes</b>, and then it will tell you <b>“the import was successful”</b>, click <b>OK</b>.</p>	
<p>6. You may have to restart your browser, but you are now connected to the BobcatWifi and the Internet.</p>
