Bloomfield Schools BobcatWifi Login

Below are the instructions for connecting to the BobcatWifi network using a ChromeOS Device.

CHROMEBOOK

1. Click on the "**Network**" icon in your Shelf, click the wifi button, and select "**BobcatWifi**" from the list. Use "**gobobcats**" as the password and wait for it to connect. You will now be connected to the BobcatWifi network but you will not be able to fully view websites and apps until you do the below instructions.	
2. Open a web browser (Chrome) and go to "www.bsin.k12.nm.us". You will need to navigate to following menu **Departments** > **Technology Services** > **Wi-Fi Security Certificate**. Please read the Wi-Fi Service Agreement and tap the "**Download BobcatWifi Security Certificate Here**" link.	
3. Click **Download** on the next page. After it finishes downloading, click on the **3 dots** in the top right corner of Chrome and choose **Settings**. At the top of the Settings page, start searching for Certificate, this will highlight where you need to go. Click **Security** in the results.	
4. On the next page scroll down and click **Manage certificates**. Then click **Authorities** and **Import**. This will let you browse to your Downloads folder and select the certificate we got in Step 3.	
5. Select the certificate and click **Open**. Now put a check in all 3 boxes of that menu and click **OK**.	
6. You will have to restart your browser, but you are now connected to the BobcatWifi and the Internet.
